Chassis Code: NA8C/NA6C 1993-1998; Part No. MAS MI20

Chassis Code: NB8C/NB6C 1998-2005; Part No. MAS MI20

Road&Track By Öhlins

The time has come to launch the final step in the Öhlins Racing automotive philosophy – Road&Track by Öhlins.

A more than 30 year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for street cars all over the world.

The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. The time of compromises are over!

We have also added a clever light-weight design with a majority of the parts in aluminium and on top of that all shocks have suffered through vast corrosion tests according to ISO 9227. The end result is a 2-year warranty on all of our products - worldwide.

General features

- DFV (Dual Flow Valve)
- Rebuildable
- Revalveable
- Corrosion salt spray tested according to ISO 9227
